GOES

DESCRIERE

GOES is an international group specialized in the design, development and distribution of off-road vehicles. This recognized French brand has perfected itself over the years, becoming one of the world leaders in the off-road vehicle market. In January 2024, Zhejiang CFMOTO Power Co., Ltd (CFMOTO) announced the completion of the 100% acquisition of Goes. With support from the Chinese company, GOES will expand its product portfolios to meet the needs of a wider customer base and optimize its current distribution networks.

CFMOTO CFORCE GOES 400L is a last generation ATV that promises to offer performance on the toughest terrains. A 4x4 partner with two seats perfect for leisure, but also to help you with various utilitarian tasks. Transport capacity: two seats.
